

YANKES TAKE THOUSAND PRISONERS

NUMBER MAY REACH 1,500; REPULSE GERMANS IN GREAT COUNTER ATTACK

BULLETIN
WITH THE AMERICAN ARMY ON THE MARNE,
July 15.—By the Associated Press.—The German prisoners captured in the counter-attack by the Americans at the bend on the Marne number between 1,000 and 1,500. They include a complete brigade staff.

The fighting continues with fierce intensity in this district while the battle rages with equal ferocity on the right, where the French are reported to have delivered a smashing blow against the enemy. From this section of the battle front it appears that the German offensive at least for the time being has been badly shattered.

The Americans now command the river front at the bend. The left of the bend the famous German Tenth division has made repeated attempts all day to cross, but all assaults have been smashed by the splendidly directed fire of the American gunners, and not a single German had succeeded in getting over at this point up to nine o'clock tonight.

BULLETIN
WITH THE AMERICAN ARMY ON THE MARNE,
July 15.—By the Associated Press.—The Germans apparently deliberately attempted to shell several of the American hospitals near the Marne today. A number of shells fell intermittently a short distance from them. They did no damage, beyond disturbing the patients.

With the American Army on the Marne, July 15.—By the Associated Press.—A strong counter-attack south of the river bend completely upset the Germans, who broke in retreat. The American troops drove the enemy back all the way to the railway skirting the Marne in the region southwest of Jaulgonne. This position now is being held. In the counter-attack many prisoners were taken. They included a major, two captains and 400 men so far counted.

Congratulates Americans
The French general commanding the group of armies on this sector sent a congratulatory message this afternoon to the American general commanding the forces which beat back the enemy.

Yanks Receive Heavy Shelling
At 5 o'clock this evening the Germans were heavily shelling the American forces, but were getting shell for shell in return and their fire seemed to be diminishing. The Vaux district is comparatively calm now. On the American right heavy fighting is in progress.

American machine gunners along the river assisted materially in breaking up the early Boche plan, for they stuck to their posts and poured deadly streams of bullets into the enemy and only withdrew when their guns were so hot they could not be fired. One group of machine gunners happened to be in a place where the Germans were anxious to erect a bridge but their efforts were fruitless. The American bullets piled up the German dead on the opposite side of the river every time the enemy started to cross.

No Match for the Yankees
South of Jaulgonne the enemy crossed the Marne this morning on six pontoon bridges hurriedly thrown over the stream and masses of infantry swarmed forward. The artillery constantly had the bridges under the heaviest fire and at least two direct hits were made, two of the bridges being blown up. After sharp artillery work German troops advanced behind a great cloud of smoke, which completely obscured them for a time from view. The low visibility also aided the enemy in his operations. The correspondent talked with some American soldiers now in hospitals, who were in thick of the fighting this morning. They were in complete agreement that the German infantry was no match for the American.

This is evidenced by the reports from all the American hospitals, there being only a few cases of wounds from rifle and machine gun fire, while most of the men are suffering from shrapnel wounds.

Get American Balloon
With The American Army On The Marne, July 15.—By The Associated Press.—Five German airplanes, modelled after the machines the American aviators are using and carrying American insignia on the wings, attacked one of the American saucers south of Chateau Thierry this evening and managed to get so close under the disguise that they were able to fire incendiary bullets into the balloon which burst into flames. The occupants of the saucers however, made their escape by means of parachutes. Seventeen American pursuit plane immediately left the ground and when last seen all were fighting well inside the enemy lines. Along the front as far as the eye can see the big guns were still flashing and roaring tonight and the battle gave no sign of diminishing. American staff officers, nevertheless expect that the position will be even more improved by morning.

Along one extended sector of the Marne front, the Americans were in the open ground making use as best they might of whatever shelter offered, the Germans were on hills on the opposite side of the river showering high explosives and gas shells upon them. But the boys from the United States went forward nevertheless with gas masks adjusted and crawling at times for considerable distances on all fours. In this way they advanced bit by bit, and when they came within range close enough to come to grips with the Ger-

mans, they drove them back in quick order. In a measure they repeated today the heroic deeds of those who defended the road to Paris in the second battle of the Marne.

Cross River with Rush
The Germans southwest of Jaulgonne this morning crossed the river with a rush and started to fight their way south, their objective being about nine miles distant. Americans and French held up this advance. While fighting in the open continued heroically the American counter-attack was hurried into position. It concentrated a heavy fire at short range and when this fire had ceased the American infantry dashed from cover and met the oncoming Boche.

Machine gunners moved forward and lying on the ground poured a stream of bullets into the enemy. The fierceness of the fire brought the Germans up short. They would not face the steel and, hesitatingly at first, in three hours the Americans had driven them two and a half miles to the Marne.

Establish Box Barrage
With the American Army on the Marne, July 15.—(By the Associated Press)—A corporal who participated in the fighting at one point where the Germans crossed the Marne said the enemy established a box barrage at midnight and kept it up until seven o'clock in the morning. The Americans were half a mile from the Marne and the Germans were on a hill on the other side of the stream.

BULLETINS

AMSTERDAM, July 15.—The Austro-Hungarian war minister says a Vienna despatch to the Vossische Zeitung announces that far more than 500,000 Austrian war prisoners already have returned from Russia.

AMSTERDAM, July 15.—Captain Reinhard, commander of the air squadron of the late Captain Baron von Richtofen has been killed during a trial flight, the Lokal Anzeiger says. The squadron claims 177 aerial victories under Captain Reinhard.

AMSTERDAM, July 15.—There has been formed in Munich, Bavaria, under influential auspices, the German-Mexican society, the program of which will be "to foster cultural and economic relations with Mexico, which country always has shown cordial sympathies toward Germany." It is purposed by the society to issue a periodical under the title of Mexikanische Rundschau and to facilitate the entry of Mexican students into German high schools.

LONDON, July 15.—(British Wireless Service)—Great Britain has shown her sympathy with Jewish aspirations on numerous occasions and as a further evidence of this feeling has promised the establishment in Palestine of a Jewish National Centre to which Jews from all countries who wish to unite in the spreading of Jewish influence, thought and ideals from Palestine to other parts of the world can do so in complete harmony with other peoples.

LONDON, July 15.—The statement of the British war office on the Palestine offensive says:

"On Saturday night enemy attacks developed against our positions covering the passages of the Jordan and on the Abu Tellul ridges north of Jerico. Our positions about Abu Tellul at first penetrated, were entirely restored by a counter-attack by Australians and New Zealanders. Four hundred prisoners were taken including 260 Germans. By night fall 510 prisoners had been counted."

When the Germans attempted to cross the Marne the Americans went thru the barrage shouting with enthusiasm and worked their way to the river front, where at last reports the fiercest of fighting was progressing, but the Germans were slowly being driven back.

For a time a small American unit was completely cut off from the American artillery and apparently was surrounded by the Germans, but it continued fighting and blazed its way out leaving many German dead or wounded on the field.

Attack Held Up Five Hours.

London, July 15.—The great German attack was definitely held up on the whole front east of Rheims five hours after it was launched, according to the latest advices reaching London and the only German gains worth mentioning were in the neighborhood of the Soudan road and Prunay where they succeeded in penetrating for about one and one half miles on a narrow front. At both these points the French initiated strong counter-attacks late in the morning.

The battle began with a wholesale bombardment inaugurated about mid-night along the whole front from Chateau Thierry to Massiges except for a narrow sector around Rheims. This intensified bombardment of the French lines with the usual accompaniment of gas was reinforced by a long range bombardment of the back areas on a scale greater than ever heretofore attempted. This back area bombardment was systematically directed along the line of Chalons, Mont Mirail and LaFerte-Sous-Jourarre, and the map shows that this line is located from twelve to eighteen miles behind the French front. This is evidence that the long range guns of the most powerful and far reaching variety must have been used in numbers greater than ever before. This bombardment lasted until 4:30 o'clock. Then came the German attack launched at dawn under the cover of the morning mists which are particularly heavy in the Marne Valley. The French communications were well maintained and news of the German penetrations here and there came thru promptly to the general staff, enabling proper dispositions of the reserves to be made rapidly and accurately.

The general view of the men who watched the progress of the battle from afar was that the Germans have lost most of their punch since their last big attempt, for nowhere did the present attack gain the sweeping success which their previous efforts yielded them.

War Summary

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

The expected renewal of the German offensive in France has begun. Fierce battles are in progress on both sides of the famous cathedral city of Rheims, which since the last offensive along the Marne has stood the apex of a sharp salient into the German line. Along the Marne, between the town of Possoy and the river Surnelin, where the Germans crossed the Marne the Americans in a strong counter-attack forced back the enemy to the right bank of the stream. At other points along the river they used to the greatest advantage their machine guns against enemy elements which were crossing the river on pontoon bridges, killing or wounding many of them. In the counter-attack near Possoy between one thousand and fifteen hundred Germans were made prisoner by the Americans. The captured contingents included a complete brigade staff. The French general in command on this sector sent a congratulatory message to the general in command of the American troops.

The Germans, in addition to their tremendous expenditure of explosive and gas shells used numerous tanks against the lines of the defenders and also opened with numerous naval guns bombardments of towns and cities far behind the battle line, dropping upon them shell s from 10 and 12 inch pieces.

The details of the strategic scheme the Germans have in view have not yet been unfolded. It seems apparent however, that the main objective in the first stage of the offensive is the throwing of their lines southward on both sides of Rheims, enveloping that city.

ANDREW BONAR LAW REPORTS TRIUMPH OF YANKEE TROOPS

English Chancellor Announces Victory in the House of Commons

LONDON, July 15.—Andrew Bonar Law, chancellor of the exchequer, announced in the house of commons tonight that the Americans had captured a thousand or more prisoners south of the Marne after having driven back the enemy.

Mr. Bonar Law read the following communication to the house:

"The enemy attacked early this morning on a front of ninety kilometers, pretty evenly divided east and west of Rheims. The city itself was not attacked."

"West of Rheims the Germans penetrated on a front of 36 kilometers (22.37 miles) to an average depth of from four to five kilometers."

"South of the Marne by a brilliant counter-attack the American troops drove the enemy back and took a thousand or more prisoners."

"East of Rheims the enemy has been heavily repulsed and has suffered a complete check."

Restored Their Positions.
London, July 15.—The American troops yielded slightly to the Germans between the town of Fossoy and the River Surnelin, which empties into the Marne just east of Mezy, but restored their positions by counter-attacks according to a despatch to the Central News.

British Advance Lines.
London, July 15.—Another attack by the British troops in the neighborhood of Villers-Bretonneux today resulted in a slight advance of the line, according to the official communication issued by the war office this evening. Enemy troops to the number of 328 were taken in the fighting at Ridgewood Sunday.

The text of the communication says:

"This morning we again advanced our line slightly in the neighborhood of Villers-Bretonneux and drove off a party of the enemy which attacked one of our posts."

"The total number of prisoners taken in yesterday's operations at Ridgewood is 328."

"On the remainder of the British front there is nothing of special interest to report."

When the berry crop in Oregon was threatened by a shortage of labor the women saved the day by volunteering to go in to the fields.

Gaining of the southern bank of the Marne and straightening out eastward of their battle line toward Verdun also may be in the program of the German high command. Success in these movements would be of great strategic value to the Germans if it is intended by them ultimately to attempt to drive on to Paris.

While the Germans are making their drive in the south the British around Ypres are pecking away at the German lines with success as regards the gaining of ground and the taking of prisoners, the French and Italians in Albania are keeping up their spectacular drive against the Austrians and the French and Italians in the mountain region of the Italian theater daily are harassing the enemy with patrol attacks of considerable violence and bombardments. In the few instances where the Austrians in this region lately have tried to take strategic positions they have met with almost instant repulse. In Palestine Turkish and German troops penetrated British positions north of Jericho, but almost immediately were ejected with the loss of more than 500 men, made prisoner, including 260 Germans.

British and American troops now are in control of the entire Murman coast in Northern Russia according to unofficial advices. It is thru this territory that it is hoped ultimately to lend aid to Russia by way of the Arctic Ocean. In violent fighting with the Bolshevik troops in middle Russia Czech-Slovak forces have reported resisting the German assault on the city of Kazan which lies on the Volga river 430 miles east of Moscow.

TRANSFER STOCK TO AMERICANS

NEW YORK July 15.—Almost simultaneously with the United States severance of diplomatic relations with Germany, control of three large chemical companies in this city, Niagara Falls, N. Y., and Perth Amboy, N. J., were transferred from German to American ownership to prevent the concerns falling into the hands of this government. The companies concerned are the Roessler and Masslacher company, the Niagara Electric Chemical Company and the Perth Amboy Chemical Company. They were established by the Scheide-Adelstadt Company of Frankfurt, which until the date mentioned held 55 per cent of the stock. Control was given to American citizens by sale of 7 per cent of the holdings at prices which the alien property custodian alleges were far below their value. To contradict the claim of Hamann and Seitz that the German shareholders were willing to accept a sacrifice to insure retention of the properties by the Americans who had represented them the government offered in evidence a letter from Dr. Fritz Roessler, a principal in the Scheide-Adelstadt Company to Mr. Hamann which said: "Rather than accept genuine sale at inadequate prices would let the worse come and trust to a fight for our rights in free America." The letter was mailed at Frankfurt only two months before the sale of control which involved almost \$1,000,000.

LET SHIP CONTRACTS TO JAPAN

Washington, July 15.—The United States, turning to its associates in the Orient for aid in meeting the shipping crisis, has let new contracts for ships to Japan which will make a total of more than \$100,000,000 to be spent for tonnage in the island kingdom and in China. Announcement was made today of the awarding of contracts for thirty vessels to thirteen Japanese yards. All of the ships will be of 6,000 tons or more and the total tonnage will be 253,000. These ships are in addition to 127,000 tons purchased from Japan and 150,000 tons chartered at a total cost of \$78,000,000 of which \$20,000,000 has been expended.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

LONDON, July 15.—The official statement on aerial operations issued tonight says:

"On the morning of July 14 our airplanes completed several reconnaissances and carried out much observation for our artillery. The afternoon was wet and stormy. The sidings at Roulers ammunition dumps at Wirenton and Bapaume, docks at Bruges and dredging parties at Zebrugge were heavily bombed. Nine hostile machines were brought down and three balloons were shot down in flames. Five of our machines are missing."

BERLIN, July 15.—via London. The report from general headquarters this evening on the offensive in France says:

"To the southwest and east of Rheims we penetrated into parts of the French positions."

BERLIN, July 15.—via London. The German official communication issued today admits that southwest of Ypres the British on Sunday morning gained ground against the Germans in an attack which was preceded by heavy artillery preparation. The text of the communication follows:

"Southwest of Ypres the enemy attacked yesterday morning after strong artillery preparation and penetrated our fighting zone on a limited breadth."

"There was artillery activity thruout the day on both sides of the Lys. It was revived during the evening on the remainder of the front. Between the Aisne and the Marne the fighting continued lively. Local infantry engagements have taken place south of St. Pierre Aigle and in the Saverres region."

ROME, July 15.—The following official communication was issued by the Italian war office today:

"On the Asiago plateau French detachments carried out two surprise attacks into the enemy's line at Bertogio and Zoccoli. Our detachments broke into the enemy's lines north of Monte di Valbella. A few prisoners were taken. Enemy reconnoitering parties have been active between the slopes of Sasso Bosso and the Brenta river. A new attack attempted at Cornone was repulsed. North of Monte Grappa and in the Montello zone during the day and night the artillery activity has been lively. Six hostile airplanes have been brought down."

PARIS, July 15.—In the desperate fighting reported in the official communication from the war office tonight American troops are given credit for driving back Germans who had crossed the Marne southwest of Fossoy. In the long sector between Bormans and Rheims, Franco-Italian troops are reported resisting the German assault valiantly and east of Rheims the enemy attack has met "an irreducible defense."

The statement says:

"The German attack launched this morning at 4:30 o'clock continued thruout the day on both sides of the Rheims with equal violence."

West of Rheims desperate engagements were fought in region of Geuilly, Courthiey and Vassy, south of the Marne, which the enemy succeeded in crossing at several points between Fossoy and Dormans.

"A spirited counter-attack carried out by the American troops drove back on the right bank of the river contingents who had reached that bank southwest of Fossoy."

Between Dormans and Rheims the Franco-Italian troops resisted with tenacity along the line of Cantillon Sur Marne, Cuchery, Marfaux and Bouilly.

"East of Rheims the enemy attack which extended from Sillery to the Main de Massiges hit up against an irreducible defense."

"The enemy multiplied his efforts on Prunay and Les Marquises and in the regions north of Fresnoy and Soudain, but was not able, despite repeated attacks to cut into our combat positions."

"Eastern Theatre, July 14.—On the Struma patrol engagements resulted in favor of the Greeks. West of the Vardar and north of Monastir the enemy displayed great artillery activity."

"In the region of the lakes west of Pogrodce, we repulsed a Bulgarian raid. In Albania our pursuit column in the Devoli Valley has now moved beyond Granishi and reached the outskirts of Chelkni and Cruda, where it is in contact with the position organized by the Austrians. The number of our prisoners has been increased by about fifty. Our left has joined with the Italian right which occupies the heights of Cafa Darza."

GARFIELD RESIGNS.

Cleveland, O., July 15.—James R. Garfield, secretary of the interior in President Roosevelt's cabinet has resigned as manager of the Lake Division, American Red Cross. It is understood Mr. Garfield tendered his resignation ten days ago because important private business would not permit him to devote all his time to the Red Cross work.

VIOLENT ENGAGEMENTS WHERE GERMANS TRY TO CROSS RIVER MARNE

BULLETIN
PARIS, July 16.—The first day of the present German offensive clearly is favorable to the allies, says a semi-official statement issued late last night (Monday). The French defensive system has been in no way affected and is still intact.

"While in previous attacks," the statement says, "the enemy, thanks to surprise, carried important positions like the Chemin-des-Dames and advanced several miles this time the battle has entailed only fluxuation of a few hundred yards."

BULLETIN
PARIS, July 15.—The allies continue to hold their own, according to latest advices along the battle front in France. The weather is unsettled and the wind is southwest and this makes it difficult, if not impossible for Germans to make extensive use of gas, on which they usually count.

Another advantage which the allies have had in this offensive is that the attack was expected just where it was delivered.

BULLETIN
PARIS, July 16.—The first day of the offensive was a big defeat for the enemy, says the Havas correspondent on the French front. On the entire attacking front the enemy was not able to break thru the allied positions. The slight advances made, he adds, may be considered as nothing on account of the efforts displayed and the losses sustained. A general impression of confidence reigns within the French lines.

French aviators were very active in harassing the enemy and destroyed two bridges loaded with German troops.

BULLETIN
PARIS, July 15.—The bombardment of Paris with long range guns began again this evening.

On the French Front in France, July 15.—By the Associated Press.—Some of the severest fighting of the war is taking place today on the front between Chateau-Thierry and the Main de Massiges along a front of about fifty miles. The most violent engagements are occurring in the neighborhood of Dormans on the Marne where the Germans are attempting to cross the river.

Hoped to Turn Position
The reason the German infantry did not attack in the vicinity of Rheims probably was because the crown prince of Germany, whose armies are bearing the brunt of the offensive hoped by attacking each flank to turn the strong position surrounding the cathedral city.

The extension of the enemy line of attack to the eastern limits of the Champagne seems possibly an endeavor to secure his right flank and to attract entente allied reserves from other parts of the front to that battle ground. The French opposed a firm barrier to any advance in that direction altho the ground in many places was well suited to the use of tanks.

Launch Attack About Dawn
The latest information shows the enemy demonstration in eastern limits of the Champagne is being held by the French army under the command of one of the most brilliant of France's soldiers, who made his reputation in the colonies and at the Dardanelles.

The German infantrymen launched their attack about dawn. They were accompanied to the east of Rheims by a large number of tanks. These however, were met by the admirable defenses of the French.

The gigantic battle started at midnight with one of the heaviest preparations of artillery ever experienced from the German side. The French seeing indications of the attack coming, however, had begun their counter preparation an hour earlier. This greatly disturbed the enemy.

Enfilade Crossing Places

On the north side of the river Marne in the woods and ravines the Germans had been enabled to concentrate numbers of pontoons and lattice work bridges for a passage of the stream. When they approached, however, they found that their temporary crossing places were being enfiladed and their efforts must have cost them the heaviest losses.

How many German divisions were thrown into the battle is not known yet but it is evident that their reserves which had been training far behind the lines were brought forward in large bodies. The indications for the present are that the principal enemy effort is being made toward Chateau-Thierry, but the development of the operation will, as usual, depend on the measure of success at any section of the line.

Confident of Ability to Hold Line
The allied staffs are absolutely confident of their ability to hold their line and, altho the Germans may advance at some points their progress, it is declared, will be stayed just as soon as their intentions become clear.

The German footmen seemed shy about attacking in the vicinity of Rheims. They were strongly held by the French troops along the Champagne zone, perhaps because they were merely making a big demonstration.

Toward Chateau Thierry, between that place and Dormans, where a large valley divides the countryside they made an immense effort to cross the Marne in order to break thru the allied defenses.

THREE KILLED IN WRECK.

Adrian, Mich., July 15.—Pullman Conductor Cook and two negroes were killed and another negro was fatally injured four miles east of here late today when a brake beam broke on one of the coaches on Wabash Train No. 28 enroute from St. Louis to Detroit. The dead men are said to be from St. Louis. Several passengers suffered minor injuries when two of the coaches rolled down an embankment.

It is not because Von Hindenburg led the armies of Germany but because he was acknowledged the apostle of "schreckliche" that he became the embodiment of all that is mean and brutal, to the people of the Allied countries. Ruthlessness was his watchword; cruelty his means of winning victories; brutality his method of dealing with the people of his conquered nations and yet he may be dead, so this estimate "could not be read as an obituary, altho true."

A SHARP SHOOTER.
 This is an up-to-the-minute story, having turned up in an April magazine. But it has an up-to-the-minute application. The world's champion rifle shot wanted to enlist and the War Department would not take him because he was over the age limit.

So he turned in and made 1,820 glasses of jelly and 576 jars of fruit, and gave them to the boys at Camp Sherman.

Think of the fighting energy contained in 1,820 glasses of jelly and 576 cans of fruit! Shooting the kaiser with sugar may not be the Yankee idea of a suitable fate. But there can be no doubt that the fate which is suitable will be appreciably hastened and straightened on its way by this fruit and jelly.

RIPPLING RHYMS
 By Walt Mason

"Mid Colorado's giant hills I've settled for the summer time and feel the old ecstatic thrills, when viewing spectacles sublime. I'd like to talk of what I see, of snowy peaks, of wonderous dells, of crystal torrents wild and free for all these things are wearing bells, but when I had some tourist guy, and try to tell him how I feel, he paws the earth and makes reply: 'We'll whip the Huns, I'll bet a wheel. The British and the French are tired, they've scrapped so long their legs are sore; at them a million guns were fired, their feet are wet with Prussian gore. But now our boys are getting there in numbers large enough to note; their catpaws flutter in the air, and they will get the Teuton goat. Oh, yes, these hills are out of sight the raging torrents are O. K. but when our boys are out to fight what price are hills and torrents, pray? The Prussians fight with dragging step, they've scrapped so long they've human wrecks, and soon our soldiers, full of pep will wind their legs around their necks. Oh yes that vista is a peach

that landscape surely takes the bun but who would of such trifles preach, when we are out to smother the Hun? Ah, me, for some congenial soul to pass with me the summertime, to sit with me upon a knoll and talk of scenery sublime!"

RESIGNS AS MATRON.
 Some time ago Mrs. J. W. Crouse tendered her resignation as matron of the Old Peoples Home, this city. After due consideration by the members of the board, this was accepted.

Mr. and Mrs. Crouse took charge of the Home three years ago this month. Mrs. Crouse died in January of this year, and Mrs. Crouse decided to give up the work, as she was desirous of being near her children.

Mrs. Crouse has proved herself a very efficient matron of the Home, doing her work faithfully and well. The Board regrets to have her go and its good wishes go with her. She will leave the Home today, and within a week will go to Rock Island to visit her children. She will probably locate there.

Mrs. W. J. Fell, a member of the Board will take charge of the home temporarily.

DEATHS
 Gilberts.
 Mrs. Abbie Gilberts of Franklina died at her home in that city Monday afternoon about 1:30 o'clock. She was born in Indiana in 1820. Mrs. Gilberts was married three times and is survived by six children, Tilden Grover, Rachel Cline, Marie Fobar, Isaac Daniels, R. M. Daniels and Thurston Daniels. Six children also preceded her in death. The funeral will be held Wednesday morning at eleven o'clock in the Nortonville Youngblood church and interment in the Nortonville cemetery.

FUNERALS
 Cully.
 Funeral services for Oliver H. Cully were held from the residence, 279 Sandusky street, Monday afternoon at 3 o'clock in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. Dr. Pontius who is doing religious work at Camp Rockford, came to the city especially to preach the funeral sermon.

Dr. Pontius took his text from the last chapter of Galatians, "Put upon yourself the whole armor of God." In applying these words to the life of Mr. Cully, the speaker dwelt upon the fact that he had put upon himself the armor of a soldier during the Civil War.

"His record," said Mr. Pontius, "was a peculiar one. He was with Sherman in his March to the Sea. In the last two years of that campaign, Mr. Cully never missed a roll call. This was indicative to his faithfulness to service. It also indicated his great patriotism and love of country."

"This patriotism was shown in his great interest in the present war which he followed closely thru the daily press."

"Second, he put upon himself, the armor of a Christian soldier. The invisible armor of righteousness and service. The armor that provides us with visible weapons to win spiritual battles."

Hymns were sung by a quartet composed of Miss Cora Graham, Miss Lorine Dewese, J. Phillips Reed and T. H. Rapp. The many beautiful floral offerings were cared for by Ruby Cully, Mrs. Mervin Ator, Miss Strawn and Ida Maddox.

Burial was in Diamond Grove cemetery, the bearers being Clyde, Turner, Floyd, Byron and Benjamin Cully and Mervin Ator. The honorary bearers were members of Matt Starry Post G. A. R., who attended the service in a body and were, L. Goheen, S. T. Maddox, J. M. Swales, R. R. Stevenson, T. B. Orear and C. Riggs Taylor.

RESIGNS AS MATRON.
 Some time ago Mrs. J. W. Crouse tendered her resignation as matron of the Old Peoples Home, this city. After due consideration by the members of the board, this was accepted.

Mr. and Mrs. Crouse took charge of the Home three years ago this month. Mrs. Crouse died in January of this year, and Mrs. Crouse decided to give up the work, as she was desirous of being near her children.

Mrs. Crouse has proved herself a very efficient matron of the Home, doing her work faithfully and well. The Board regrets to have her go and its good wishes go with her. She will leave the Home today, and within a week will go to Rock Island to visit her children. She will probably locate there.

Mrs. W. J. Fell, a member of the Board will take charge of the home temporarily.

ELECTION ORDINANCE PASSED BY COUNCIL

People to Vote On Return To Old Government Form August 13th—Willing to Vacate Part of Kosciusko Street for School Lot—Department Reports.

The city council at the session Monday morning passed the ordinance calling an election for the purpose of vacating the alleyway from government, J. P. Lippincott, president of the board of education, was the council to make formal application for the vacation of Kosciusko street between Court and Jordan streets. Members of the board expressed their willingness to accede to the request, but wished to make some investigation and another meeting was held at 5 o'clock Monday afternoon.

The 5 o'clock session of the council was mainly a conference about the proposed vacation of Kosciusko street adjoining the David Prince building lot. Engineer Henderson made the report on the proposed vacation and after general discussion it was decided to take no action until Thursday, when the board of education will have a meeting. As already suggested, the council is willing to accede to the request that some arrangement must be made for carrying off the water on Kosciusko street, it is possible that a curbing may be put in at one side of the portion of the street which is vacated and the water will be carried off by a ditch or by a pipe.

Under department reports Mr. Vasconcelos reported that things were in better shape at the station and machinery was running in a satisfactory way. Mr. Cox reported on the election for progress in his department and stated that Sharp street bridge, which has been under construction for some time, was now ready to be put in place. Mayor Rodgers was glad to give the information that the indications are favorable for having much of the land owners in the area of the proposed reservoir signed up during the week.

SON OF DR. OBERMEYER MEETS INSTANT DEATH

Falls From Wagon Loaded With Wheat and Wheels Pass Over Body—Coroner Rose Held Inquest.

Albert Everet Obermeyer, Jr., ten years old son of Dr. and Mrs. A. E. Obermeyer of Arcadia was instantly killed about 7 o'clock Monday evening when he fell from a wagon heavily loaded with wheat, the wheels passing over his body and crushing the chest.

Lives But Few Minutes.
 The accident occurred on the farm of A. G. Lind where the boy had gone from his own home and was riding with the men who were hauling wheat. The boy was taken immediately after the accident to the Lind home but only lived a few minutes.

Immediately after his death Coroner Rose was notified and went to Arcadia Monday evening and held an inquest. The jury selected was composed of W. W. Young, foreman; N. E. Nell, W. H. Thompson, J. J. Clark, Levi Deatherage and Fred McFadden, clerk.

The testimony of Lawrence Finney, Jimmie Jones and W. R. Ruby was heard. The boy was riding with Mr. Finney when he met his death. According to Mr. Finney, he was riding on the seat of the wagon and another wagon was hitched on behind which was full of grain.

The boy got off the seat of the front wagon went back thru the wagon bed and climbed out on the tongue of the loaded wagon. In some manner he lost his hold and fell. The first indication that Mr. Finney had of the accident was when he heard the loud scream. The testimony of Mr. Jones and W. R. Ruby substantiated that of Mr. Finney, they stating that they helped carry the boy to the house.

Coroner's Verdict.
 After hearing the testimony the jury returned a verdict that death resulted from the lad falling from the tongue of a wagon loaded with wheat, said wagon passing over his body.

The deceased was the only child of Dr. and Mrs. A. E. Obermeyer of Arcadia. He was a bright lad and much beloved in the community in which he lived. His untimely death will bring sorrow to many hearts and the sympathy of the entire community will go out to his grief stricken parents.

No arrangements for the funeral have been made.

THE NEED FOR SKILLED WORKERS.

AUTOS COLLIDED.
 What might have been a serious accident occurred Sunday afternoon when cars driven by Mrs. F. J. Andrews and Dr. J. W. Hairgrove collided at the corner of State and Prairie streets. Mrs. Andrews was driving west in State street and Dr. Hairgrove was driving south in Prairie. It seems that when Dr. Hairgrove turned into State street he passed in front of the Andrews car which was part way across Prairie street, the rear of his car striking the Andrews car in front on the left side. Mrs. Andrews had one finger nail and it was fortunate indeed that no serious injury resulted.

Miles of New Costumes Will be Shown in Big Circus Parade

Many Strange Animals to Be Seen in Free Street Pageant

The circus parade, which will be seen on the streets when the Barnum & Bailey show comes to town, Wednesday, June 17, presents as great a problem in costume and ensemble as any part of the big circus performance it precedes. There is nothing haphazard about the three miles of gorgeous wagons and marching horses and men that start from the circus lot only a few hours after the arrival of the show's paraphernalia. There is a place in place before the parade starts to march.

Six bands, catlopes and steam pianos will furnish music for the marching throng, while wild animals pace their open cages, clowns cavort and beautiful girls, geographically at ease on horses and atop the wagons of red and gold.

THINGS TO REMEMBER ON CIRCUS DAY

Chief of Police George P. Davis offers the following suggestions for Circus Day.

Show grounds: West side ball park.

Arrive, C. & A. from Bloomington and unload, East State street crossing. Route to grounds: East State to Brown street; Brown to North street; North to North Church; Church to Lafayette; Lafayette to grounds.

Parade route, West Lafayette to North Main; South on North Main to square; around east side of square to West State; West State street to Chestnut street to grounds.

A Few Suggestions

Beware of pickpockets and thieves. Leave all money and valuables in a safe place. Do not leave your house or store unprotected while parade is passing. Have the correct change at ticket wagons. Beware of crowds at depot and when getting on and off of rail road trains and cars. Keep your hand on your money and watch and you will lose nothing.

Pickpockets work in what is called "mobs", composed of three men; one to "stall" in front of you, one to "pick" your pocket and one to "receive" its contents.

Chief of Police.

INDEES HAND GAME TO ST. JOSEPH ATHLETICS

Defense Blows up in Ninth and Visitors Score Three Runs—Indees Unable to Solve Tettlers Offerings.

After playing great ball for seven innings and holding the St. Joseph Athletics even, the visitors pushed a run across in the eighth and untied the score. In the ninth the locals' innkeepers blew up and when the dust settled three runs were across and the game was on ice.

The game was marked by some brilliant and mediocre playing on both teams. Otto Smith scintillated back of third base in the fifth, with a man on second, that prevented a man from scoring. In the sixth, overflying, he ninth, with the sacks lined off of Flanagan's bat and doubled McDonald at third. Desliva also made a fine running catch in the eighth. Griffin grabbed a fast one off the bat of Gillis and tossed the runner on an error.

McDaniel, of Chapin, was on the rubber for the Indees, and held the Athletics even, the visitors pushed a run across in the eighth and untied the score. In the ninth the locals' innkeepers blew up and when the dust settled three runs were across and the game was on ice.

The visitors tied the score in the sixth on a single, two stolen bases and an error. The visitors untied the score in the eighth with a double. Singles by Durkin, Mockley, McDonald and a base on balls to Berger, and a couple of errors added three in the ninth and put the game on ice.

The locals took the lead in the third, when Day was hit by a pitched ball. He went to second on a fielder's choice and scored when Mockley threw wild to catch him at second base.

The visitors tied the score in the sixth on a single, two stolen bases and an error. The visitors untied the score in the eighth with a double. Singles by Durkin, Mockley, McDonald and a base on balls to Berger, and a couple of errors added three in the ninth and put the game on ice.

FROM COUNTY AGENT'S OFFICE

Twilight Field Meeting of Farmers.—A field meeting has been called for 7 p.m. Tuesday July 16 at a field of spring wheat sown by John Hodges on the Devere Farm two miles northwest of Pisgah and seven miles southeast of Jacksonville.

Things to See.—Visitors are invited to note stalling, number of grain in the mesh, general characteristics of the plant and grain, to estimate the yield, and compare value with oats.

Information concerning the wheat campaign for 1918 will be given out, specimens of rust infected leaves of barley shown, and simple soil test made.

Wheat Scab and Stinking Smut.—H. C. Jacobs of the United States Department of Agriculture was a business caller at the office Saturday. Mr. Jacobs is inspecting fields to see whether or not the wheat is infected with wheat scab and stinking smut. The field of Dr. J. W. Hairgrove and Thomas Allen, west of town and T. H. Buckthorpe and Harry J. Rice east of town were looked over in this trip and found disease free. Mr. Jacobs recommends that good seed wheat be secured at once.

Burbank Wheat.—W. G. Wolfe of the Mt. Zion neighborhood made a test of this new variety this season. The plot comprised about one eighth of an acre. At the recent meeting near the Joy Prairie elevator Mr. Wolfe had several heads of this wheat. One of the farmers present counted the grains in one head and it numbered 70. Sometimes heads are found with over 80 grains in them. The County Agent secured recently from them a single plant that has fourteen tillers or stools. It can be seen in the office at the court house. Burbank wheat is supposed to be adapted to either fall or to spring seeding.

Important Dairy Meeting.—Representative dairymen from four counties will meet here July 24. It is planned to have an afternoon session surrounding dairy problems of the features of the County Agent's office. The county agents this year, Macoupin, and trainpanties will quite likely attend, is a meeting and have a program.

German soldiers do not relish American directness in fighting.

Austro-Hungary is said to be inhibited by twenty races that never heard of a melting pot.

Whiskers are not a variety. Kerensky is said to have grown a beard as a last resort to escape the Bolsheviks.

Heavier taxes on profiteers only means a continuance of present high prices but the government secures revenue by easy methods.

The frazzled morale of the Kaiser's army is being commiserated on by English newspapers, while the Allies are growing more proud of their armies.

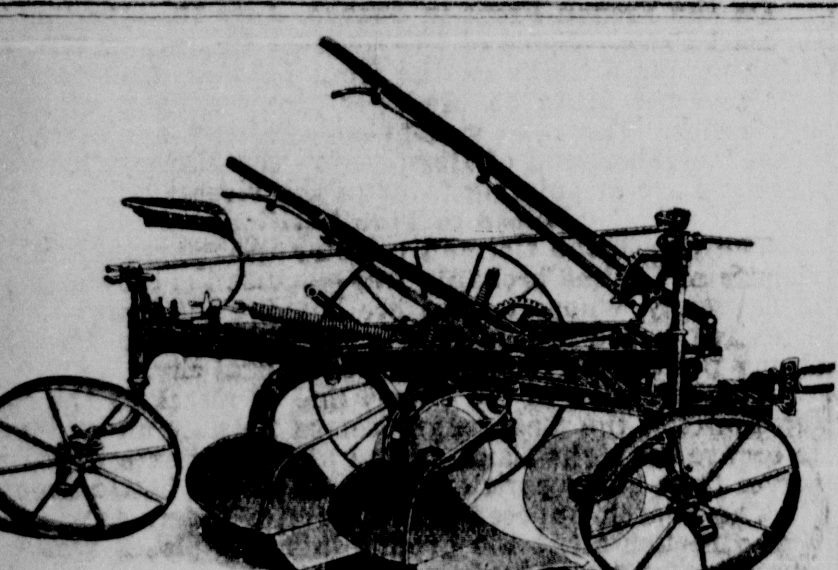

Debs has declined a Socialist nomination for congress in an Indiana district. "My present situation," he says prevents his acceptance. Probably fear of the Leavenworth penitentiary.

The family of the multi-millionaire who paid fourteen million dollars income tax may boast of "what we did to win the war."

The assertion of Frank Farrington of the United Mine workers that the extra 100,000,000 tons of coal needed cannot be produced without absolute nationwide prohibition, is a blow at the life of the dying "king" alcohol.

It is not because Von Hindenburg led the armies of Germany but because he was acknowledged the apostle of "Schrecklichkeit" that he became the embodiment of all that is mean and brutal, to the people of the Allied countries. Ruthlessness was his watchword; cruelty his means of winning victories; brutality his method of dealing with the people of his conquered nations and yet he may be dead, so this estimate should not be read as an obituary, altho true.

Germany never would have made the charge that her ambassador to Russia had been murdered by Allied instigation.

THE ROCK ISLAND PLOW NO. 4, WITH CTX BOTTOM
is a first class plow. It cuts a clean furrow 12 inches wide and turns the dirt upside down. It does not edge it. Come and look it over. Place an order for one or more.

I also have Good Farm Wagons, Wagon Beds, Steel Wheel Wagons and several kinds of Good Pumps and positively the best wheat drill made. See my goods.

TREATED WITHOUT SURGICAL OPERATION

"On Sept. 5, 1916, I had a chemical analysis made of my urine in a Chicago laboratory and found that I was in the beginning of serious kidney trouble. Had treated with other doctors with no benefits. Have taken treatment from Dr. C. W. Carson, the Chicago Specialist, and for months the chemical analyses have shown no kidney trouble whatever, and my kidneys and general condition have improved wonderfully. Am as strong and can do as much work as ever did."

NERVOUS DEBILITY
Nervous and dependent, easily excited and irritable; weak, debilitated, tired mornings; without ambition, energy or strength; easily fatigued; distrustful and without confidence in yourself; Sunken, red or blured eyes; pimples on face; weak back or deposit in urine.

WONDERFUL RESULTS
have been obtained by his treatment. You should consult him if you have any Chronic Disease. A Specialist who has made a lifetime study of such diseases is infinitely prepared to give you the best results, and if you are sick, you need scientific treatment.

Dr. Carson spares no effort in the treatment of his patients. He knows that good results mean as much to his patients as to himself. Most of his new patients come through the recommendation of others whom he has treated.

had she not believed that the murder was calculated to help the Allied cause. Germany in her federal staff work sanctions the use of assassination when it is in behalf of the Fatherland, but Germany's enemies have not adopted her moral standards. Count von Mirbach was put out of the way apparently by Social Revolutionaries who assassinated the Bolsheviks without having any particular love for England, France and America.

A SHARP SHOOTER.
This is an up-to-the-minute story, having turned up in an April magazine. But it has an up-to-the-minute application.

The world's champion rifle shot wanted to enlist and the War Department would not take him because he was over the age limit.

So he turned in and made 1,820 glasses of jelly and 576 jars of fruit, and gave them to the boys at Camp Sherman.

Think of the fighting energy contained in 1,820 glasses of jelly and 576 cans of fruit! Shooting the kaiser with sugar may not be the Yankee idea of a suitable fate. But there can be no doubt that the fate which is suitable will be appreciably hastened and straightened on its way by this fruit and jelly.

RIPPLING RHYMS

By Walt Mason

"Mid Colorado's giant hills I've settled for the summer time and feel the old ecstatic thrills, when viewing spectacles sublime. I'd like to talk of what I see, of snowy peaks, of wonderous hills, of crystal torrents wild and free for all those things are wearing bells. But when I had some tourist guy, and try to tell him how I feel, he paws the earth and makes reply: 'We'll whip the Huns, I'll bet a wheel. The British and the French are tired, they've scrapped so long their legs are sore; at them a million guns were fired, their feet are wet with Prussian gore. But now our boys are getting there in numbers large enough to note; their catcalls flutter in the air, and they will get the Teuton goat. Oh, yes, these hills are out of sight the raging torrents are O. K. but when our boys are out to fight what price are hills and torrents, pray? The Prussians fight with dragging step, they've scrapped so long they've human weeds, and soon our soldiers, full of pep will wind their legs around their necks. Oh, yes that vista is a peach

that landscape surely takes the bun but who would of such trifles preach, when we are out to smother the Hun? Ah, me, for some congenial soul to pass with me the summertime, to sit with me upon a knoll and talk of scenery sublime!"

RESIGNS AS MATRON.
Some time ago Mrs. J. W. Crouse tendered her resignation as matron of the Old Peoples' Home, this city. After due consideration by the members of the board, this was accepted.

Mr. and Mrs. Crouse took charge of the Home three years ago this month. Mr. Crouse died in January of this year and Mrs. Crouse decided to give up the work, as she was desirous of being near her children.

Mrs. Crouse has proved herself a very efficient matron of the Home, doing her work faithfully and well. The Board regrets to have her go and its good wishes go with her. She will leave the Home today, and within a week will go to Rock Island to visit her children. She will probably locate there.

Mrs. W. J. Fell, a member of the Board will take charge of the Home temporarily.

ALTON TRAIN HIT FORD CAR SUNDAY.
Car Driven by Thomas Z. Fletcher Struck at Vandalla Crossing—Occupants Escaped Injury.

Thomas Z. Fletcher and son Eugene narrowly escaped serious injury and perhaps death Sunday afternoon when a Ford car in which they were riding was struck by the north bound passenger on the Chicago and St. Louis road at the Vandalla crossing.

The front wheels, radiator and windshield of the car were totally demolished and the car tossed to one side. The occupants escaped injury by jumping the young Fletcher suffered somewhat from shock and bruises.

The accident occurred at the Vandalla crossing at Nichols park as the afternoon passenger was entering the city. Both the bell at the crossing and the whistle sounded the alarm but the driver failed to hear either one.

ELECTION ORDINANCE

PASSED BY COUNCIL

People to Vote On Return To Old Government Form August 18th
—Willing to Vacate Part of Kosciusko Street for School Lot—
—Department Reports.

The city council at the session Monday morning passed the ordinance calling an election for Tuesday, August 13, on the question of returning to the aldermanic form of government. J. P. Lippincott, president of the board of education, was the council member who introduced the ordinance. He expressed his willingness to accede to the request, but wished to make some arrangement for disposal of the water which now flows down Kosciusko street through Jordan street. The ordinance was passed by a vote of 5-2.

The 5 o'clock session of the council was mainly a conference about the proposed vacation of the street and after general discussion it was decided to take no action until Thursday morning. The board of education will have a meeting. As already suggested, the council is willing to vacate the street, but realized that some arrangement must be made for carrying off the water on Kosciusko street. It is possible that a curbing may be put in at one side of the portion of the street which is to be vacated. The council will then decide whether the water shall be allowed to flow down to Jordan street.

Under department reports Mr. Vasconcellos reported that things were going on in the department in a satisfactory way. Mr. Cox reported that the department was in a satisfactory way. Mr. Vasconcellos reported that things were going on in the department in a satisfactory way. Mr. Cox reported that the department was in a satisfactory way.

AUTOS COLLIDED.
What might have been a serious accident occurred Sunday afternoon when cars driven by Mrs. F. J. Andrews and Dr. J. W. Haigrove collided at the corner of State and Prairie streets. Mrs. Andrews was driving west in State street and Dr. Haigrove was driving south in Prairie. It seems that when Dr. Haigrove turned into State street he passed in front of the Andrews car which was part way across Prairie street, the rear of his car striking the Andrews car in front of the left side. Mrs. Andrews had one finger nail torn and it was fortunate indeed that no serious injury resulted.

THINGS TO REMEMBER ON CIRCUUS DAY

Chief of Police George P. Davis Offers the Following Suggestions for Circus Day.

Show grounds: West side ball park.

Arrive, C. & A. from Bloomington and unload, East State street crossing. Route to grounds East State to Brown street; Brown to North street; North to North Church; Church to Lafayette; Lafayette to grounds.

Parade route: West Lafayette to North Main; South on North Main to square; around east side of square to West State; West State street to Chestnut street to grounds.

A Few Suggestions

Beware of pickpockets and thieves. Leave all money and valuables in a safe place. Do not leave your house or store unprotected while parade is passing. Have the correct change at ticket wagons. Beware of crowds at depot and when getting on and off of rail road trains and cars. Keep your hand on your money and watch and you will lose nothing.

Pickpockets work in what is called "mobs", composed of three men; one to "stall" in front of you, one to "pick" your pocket and one to "receive" its contents.

Chief of Police.

Twilight Field Meeting of Farmers.—A field meeting has been called for 7 p.m. Tuesday July 16 at a field of spring wheat sown by John Hodges on the Devore Farm two miles northwest of Pisgah and seven miles southeast of Jacksonville.

Things to See.—Visitors are invited to note steepling, number of grain in the mesh, general characteristics of the plant and grain, to estimate the yield, and compare value with oats.

Information concerning the wheat campaign for 1918 will be given out, specimens of rust infected leaves of barley shown, and simple soil test made.

Wheat Scab and Stinking Smut.—H. C. Jacobs of the United States Department of Agriculture was a business caller at the office Saturday. Mr. Jacobs is inspecting fields to see whether or not the wheat is infected with wheat scab and stinking smut. The fields of Dr. J. W. Hairgrove and Thomas Allen, west of town and T. H. Buckthorpe and Harry J. Rice east of town were looked over in this trip and found disease free. Mr. Jacobs recommends that good seed wheat be secured at once.

Burbank Wheat.—W. G. Wolfe of the Zion neighborhood made a test of this new variety this season. The plot comprised about one eighth of an acre. At the recent meeting near the Joy Prairie elevator Mr. Wolfe had several heads of this wheat. One of the farmers present counted the grains in one head and it numbered 70. Sometimes heads are found with over 80 grains in them. The County Agent secured recently from them a single plant that has fourteen tillers or stools. It can be seen in the office at the court house. Burbank wheat is supposed to be adapted to either fall or to spring seeding.

Important Dairy Meeting.—Representative dairymen from four counties will meet here July 24. It is planned to have an auto tour to surrounding dairy farms as one of the features of the meeting. The county agents from Sangamon, Macoupin, and Greene Counties will quite likely attend this meeting and have a part on the program.

INDEES HAND GAME TO ST. JOSEPH ATHLETICS

Defense Blows up in Ninth and Visitors Score Three Runs—Locals Unable to Solve Tettlers Offerings.

After playing great ball for seven innings and holding the St. Joseph Athletics even, the visitors pushed a sixth run in the eighth and untied the score. In the ninth the locals' innerworks blew up and when the dust settled three runs were across and the game was on ice.

The game was marked by some brilliant and mediocre playing by both teams. The St. Joseph Athletics for the Idées pulled down a fly ball of third base in the fifth, with a man on second, that prevented a score. In the ninth, with the score overflowing, he grabbed a terrific liner off the bat of DeSilva but double-batted McDonald at third. DeSilva made a fine running catch off of Ford.

For the visitors, Flannigan and Griffin gave a great exhibition around the second base. Flannigan beat Christy out of a hit in the fifth, when he caught over back of second base and grabbed his grass cutter and caught O. Smith at second. In the eighth Griffin grabbed a fast one off the bat of Gilles and tossed the runner out at first.

McDaniel of Chapin, was on the rubber for the Indians but the Athletics safely until the fatal fault that the visitors were not all his. Tettlers did not have much but he kept the locals guessing and held them to four safeties.

The locals took the lead in the third, when Day was hit by a pitcher's ball. He went to second on a fielder's choice, and scored when Mockley threw wild to catch him at second base.

The visitors tied the score in the sixth on a single, two stolen bases and an error. The visitors untied the score in the eighth, with a single, a base on balls and a double. Single by Durkin, Mockley, McDonald and a home run by Berger. Berger, and a couple of errors added three in the ninth and put the game on ice. The score:

St. Joseph	A. B. R. H. O. A. E.

HOME RUNS FEATURE.

Pittsburgh, July 15.—National Home runs by Southworth and Bigbee were features of today's Pittsburgh-Brooklyn game, which went to the locals, 6 to 5. Zack Wheat's error contributed to the defeat of the visitors, who have the better exhibition of hitting. Cushman and Deibert made two wonderful catches by leaping high in the air for line drives.

Score: Pittsburgh, 6; Brooklyn, 5. 10201002—6 8 0. Marquard and M. Wheat; Mays and Schmidt.

FROM COUNTY AGENT'S OFFICE

Twilight Field Meeting of Farmers.—A field meeting has been called for 7 p.m. Tuesday July 16 at a field of spring wheat sown by John Hodges on the Devore Farm two miles northwest of Pisgah and seven miles southeast of Jacksonville.

Things to See.—Visitors are invited to note steepling, number of grain in the mesh, general characteristics of the plant and grain, to estimate the yield, and compare value with oats.

Information concerning the wheat campaign for 1918 will be given out, specimens of rust infected leaves of barley shown, and simple soil test made.

Wheat Scab and Stinking Smut.—H. C. Jacobs of the United States Department of Agriculture was a business caller at the office Saturday. Mr. Jacobs is inspecting fields to see whether or not the wheat is infected with wheat scab and stinking smut. The fields of Dr. J. W. Hairgrove and Thomas Allen, west of town and T. H. Buckthorpe and Harry J. Rice east of town were looked over in this trip and found disease free. Mr. Jacobs recommends that good seed wheat be secured at once.

Burbank Wheat.—W. G. Wolfe of the Zion neighborhood made a test of this new variety this season. The plot comprised about one eighth of an acre. At the recent meeting near the Joy Prairie elevator Mr. Wolfe had several heads of this wheat. One of the farmers present counted the grains in one head and it numbered 70. Sometimes heads are found with over 80 grains in them. The County Agent secured recently from them a single plant that has fourteen tillers or stools. It can be seen in the office at the court house. Burbank wheat is supposed to be adapted to either fall or to spring seeding.

Important Dairy Meeting.—Representative dairymen from four counties will meet here July 24. It is planned to have an auto tour to surrounding dairy farms as one of the features of the meeting. The county agents from Sangamon, Macoupin, and Greene Counties will quite likely attend this meeting and have a part on the program.

GROCER UP AGAINST IT

"I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of May's Wonderful Remedy thru a friend in Buffalo. The first dose gave me more benefit than the medicine I had taken before and am now feeling as well as ever in my life. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Coover & Shreve East Side Drug Store and druggists everywhere.—Adv.

LITERBERRY BAPTISTS IN ALL DAY MEETING

Meeting of Great Interest and Profit Held Sunday—Aid Society Held Meeting Wednesday.

Literberry, July 15.—The all-day service at the Baptist church on the 14th was a grand success. The Rev. Mr. Smith of Greenfield had charge of the meeting and arranged the families in groups: Mr. Luke Barr, his sons and one daughter, his grandchildren and one great grandchild, occupied the front pew. We did not learn the number of families represented, but most of the pews were filled. The subject for the morning was "The Home." At the close of the service the Lord's supper was observed. The dinner was big, everybody brought a full basket and generous ladies brought two. The several tables were loaded with salads, pickles, cake, apple sauce, corn, tomatoes, pie, fruit, cookies, war bread, fried chicken, mashed potatoes and gravy and beans and many other dishes that we have forgotten. There was iced tea, hot coffee and water from the lemonade well. They all ate and sat there was plenty left.

The song service in the afternoon was led by Mr. J. A. Liter, who also sang splendid tenor, thru all the service. Mr. Underbrink with his young peoples' orchestra, gave us good music, and

was enjoyed by the congregation. "One Star on the Service Flag" was read by Mrs. Gray.

The afternoon sermon was from Eph. 3-14 and 15. Those from a distance were Mr. and Mrs. Verlen Daniels, from west of Jacksonville, Mr. John Becker and family from Alexandria, Mr. Dick Woods, and the Misses Edith and Olive Scribner from South Jacksonville, and others whose names we did not learn.

The service closed by singing: "God be with you till we meet again."

Rev. Smith brought his wife and three sons with him to the home coming service.

The Arcadia people very ably assisted in the singing on Sunday morning and afternoon.

Some of our people attended church at Pisgah on Sunday evening, and enjoyed hearing our old friend, Rev. F. M. Crabtree.

The Literberry M. E. Society met in regular session on Wednesday afternoon at the home of Mr. and Mrs. Dave Henderson. About 35 ladies were present.

Instead of Scripture reading, Mrs. D. K. McCarty read "The Beulah Railway" composed many years ago by Rev. William Ward, known as "Father Ward" of the North Illinois conference, M. P. church, Father Ward at one time lived in Jacksonville.

Prayer and song and the following officers were elected:

President—Mrs. Earl Raxroat. Vice president—Mrs. O. G. Dinwiddie.

Secretary—Mrs. Charles Clark. Asst.—Mrs. C. A. Beavers. Reporting secretary—Mrs. McCarty.

Treasurer—Mrs. Levi Deatherage. Librarian—Mrs. Claude Rudisill.

Pianist—Mrs. Clarence Thompson.

A vote of thanks was given the retiring officers for their faithful work in the past year.

The Arcadia Red Cross Auxiliary, which has been connected with the M. E. Society, will hereafter be an independent order, and officers will be re-elected in the near future; it will not be connected with the Aid.

The members of the M. E. Society voted to hold their annual picnic on the second Wednesday in August, at Nichols Park, hours from 2 to 6 in the afternoon. All interested are expected to take some mighty fine eats, and a friend or two if they so desire.

Other matters were disposed of and an offering of more than four dollars was taken. Mrs. Henderson served ice cream and angel food cake. She was assisted by the Misses Anna and Eleanor Dinwiddie, Lella Maul, Rose Henderson, Ruth Deatherage, Flossie Clark and Margaret Thompson.

Miss Rose Henderson took pictures of the members in groups of eight persons, the first group being the best looking ones taken; there were several groups. Mrs. Henderson will return to Texas soon and will take these pictures with her as reminders of her old friends. She has invited the society to her Texas home for the July meeting in 1919.

CITY OF WIDOWS.

Chicago, July 15.—"Butte is a city of widows" said Merta Shay, a widow at the I. W. W. conspiracy trial today. John Muzilech, a miner told of the fire in the Speculator Mine in 1917, declaring workers were trapped behind cement bulkheads, which contained no doors.

"We found the bodies in heaps against these bulkheads," he said.

SWIMS FOR SOLDIERS AT AUGUSTA

War Camp Community Service Refreshes Dusty Fighting Men at Camp Hancock, Ga.

Augusta, Ga., July 15.—It is hot down in Georgia. Nobody is more comfortably aware of that fact than Private Smith and his tens of thousands of comrades who swelter thru drills at Camp Hancock near Augusta.

A big army cantonment is not a summer resort especially in the Southland. The sun is always on the job. It is not easy to get away from it. There is much dust. The men toiling at the task of learning how to kill Germans work and play, eat and sleep in an atmosphere always more or less torrid.

Suppose you were one of these boys. Suppose all day that you had been bucketed thru infantry tactics or hammered thru bayonet attacks on make-believe boches. What would you want more than anything else in the world as you hiked back to your bunks and quired and waited with hundreds more for an all-too-brief sprinkle under an inadequate shower? An ocean, a lake, a pond, of course—any body of cool water big enough to get into.

GERMAN PROPERTY TO BE SOLD BY CUSTODIAN

NEW YORK, July 15.—Announcement of a selling organization formed to dispose of 140 German concerns taken over by the government under the trading with the enemy act and valued at approximately \$250,000,000 was made here tonight by A. Michel Palmer, alien property custodian.

Forty of the companies, with a capitalization of more than \$100,000,000 now are ready for sale, according to Mr. Palmer and the remaining hundred and all other corporations hereafter taken over will be sold as soon as the new organization can make them ready for the auctioneers. Joseph F. Guity of Pittsburgh, president of the National Gas Association of America and formerly on the petroleum committee of the council of national defense has been designated as sales manager of the federal selling corporation. He will have charge of the actual disposal of the German owned corporations and will supervise all the details. His office will be in New York.

ASBURY

Asbury Aid society will serve dinner at the home of Mrs. Hannah Hembrough Thursday, July 18. The committee in charge are Mrs. R. Y. Gibson, Miss Alma Hembrough and Miss Grace Hembrough. Every one invited to attend.

Misses Alma and Inez Winter south of Jacksonville spent last week with their aunts, Mrs. George Hembrough and Mrs. Carl Hembrough.

Mr. and Mrs. A. B. Green and Misses Alma and Inez Green moved to Waverly Wednesday and spent the day with Mr. and Mrs. Milford Anderson.

Mrs. Charles Bearmeier of Sinclair and Mrs. George Hembrough were Thursday guests of Mrs. Ralph Megginson.

Mrs. Joseph Megginson and Mrs. Carl Hembrough attended the dinner given at the home of Mrs. George Barnhart in South Jacksonville last Thursday.

Mr. and Mrs. E. N. Craig and children Delos and Brenda and Mrs. John Greenwood motored to Springfield Sunday.

Waldus Basmeier of Sinclair spent Thursday with his cousin, Howard Megginson.

Mr. and Mrs. Harry Trotter and sons Rowland and Myron were Friday guests of friends in Jacksonville.

Miss Alice Green returned to her home in the city from a pleasant visit with her cousin, Miss Mable G. Green.

Mr. and Mrs. Earl Hembrough spent Sunday with Mr. and Mrs. Harry Clark.

Mrs. C. L. Hembrough and the Misses Alma and Inez Winter visited Mrs. William Reed Friday afternoon.

Mr. and Mrs. Fred Megginson west of Jacksonville spent Sunday with Mr. and Mrs. Carl Hembrough.

BURGERS ABROAD.

Burglars started operations in the city early this (Tuesday) morning and at two thirty o'clock had entered two homes in the south part of the city and the entire police force was scouring that part of town.

At 2 o'clock a call came to the police from the residence of J. M. Sage on East Morton avenue. The police went to the house but could find no trace of the men.

After a search of the neighborhood the returned to the station. Another call came at 2:30 o'clock from the residence of Frank Matthews in Park Place. The police were still searching the neighborhood at 3 a. m.

CONTRACT FOR SHIPS.

Milwaukee, Wis., July 15.—Contracts for thirteen ships for the United States government has been awarded to the fabricated ship corporation, formed by the Newton and Coddington Engineering interests of Milwaukee, with a capital of \$600,000, it was announced today. Keels for the first ship probably will be laid by October 1.

DUNCAN PASTOR HELD

Freeport, Ill., July 15.—The Rev. David E. Gerdes, a Dunkard pastor of Malvern, Whiteside county, and James Logan of Ambrose, were held to the federal grand jury today on charge of violating the espionage law. Gerdes is accused of advising his congregation against the purchase of Liberty Bonds. He furnished bail.

CHAPIN

Word has been received that Corporal John Taylor (one of Morgan county's boys) is now in training for higher office. He has been at West Point, Kentucky, but when this company started for overseas, he was sent back to Camp Taylor. He is there now in the Central Office Training school getting ready for an examination which he says will be mostly on high school studies. John was always one of the best in his school days here, so we know that he will surely succeed at Camp Taylor. His many friends wish him the best of luck.

Miss Emma Nortrup was visiting friends in Bluffs yesterday. James Thompson motored to Mercedia Sunday.

Miss Gertrude Onken is visiting at Lake Geneva, Wis.

Miss Helen Jackson, of Jacksonville, motored to Chapin yesterday.

Miss Frances Divettart is visiting her cousin, Miss Barbara Smith for several days.

Miss Johanna Onken has returned home after several weeks' visit with friends in Danville and Broadlands.

To meet the great need for expert heads of agriculture units in the land army work for women Wellesley College is to open its doors in August and September of this year to make an officers' training camp or farm Plattsburg.

Hancock before this war is done will be a better and a lot more comfortable soldier because of War Camp Community Service.

RUSSIAN SITUATION PRESENTS NEW PHASES

WASHINGTON, July 15.—Altho overshadowed by tremendous developments on the western front the situation in Russia and Siberia is daily presenting new phases. At three widely separated points opposition to the soviet government has greatly strengthened their positions, thus heavily taxing the inadequate military machine of the Bolsheviks.

On the shores of the Arctic and White Seas the small internal force which has been considerably reinforced and is understood to be advancing southward along the railroad towards Volodga and Moscow. It is admitted officially there are some American sailors and marines in the neighborhood of Kola but it is not known they are participating in this southward movement and it is doubted whether, in absence of special instructions they would do so unless it were necessary in defense. Reports from reliable sources in Sweden indicated a surprising change of sentiment among Finnish people toward their German controlled government making it impossible for that government to raise any volunteer troops to attack the entente force on the line of the Kola-Moscow railroad. This has greatly relieved the minds of officials who realize this railroad could be held only by a very large force. Cutting off communication in that way would greatly endanger the position of the entente forces on the Murman coast in winter.

Here is Speedy Relief From Kidney Troubles

"Foley Kidney Pills have done me a heap of good."—A. T. Bartlett, Brockton, Mass.

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder trouble. The ache across your back grows worse with every move you make, and with every step you take. If not only robe you of all your strength and energy, but it affects the other important organs of the body as well. Nervousness, headache, disordered stomach, liver trouble, bad eyesight, are only some of the conditions that follow kidney trouble.

Foley Kidney Pills help the sick, weak kidneys to regain their normal healthy state and activity. When they are again able to do their work effectively, your system is no longer choked and blocked with poisonous waste matter. Your symptoms clear up, your weakness, pain, misery and weakness go away. Foley Kidney Pills can do you also "a heap of good." J. A. Obermeyer, City Drug Store.

DR. WADSWORTH WILL ENTER WAR WORK

Well Known Minister Will Go to France for Army Y. M. C. A.

Dr. Julian Wadsworth well known to so many people in Jacksonville, and one of the foremost ministers in Eastern Methodism, is soon to leave his home in Fitchburg, Mass., for overseas Y. M. C. A. work. Dr. Wadsworth is pastor of the First Methodist church in Fitchburg and has been granted a year's leave of absence in order that he may answer the call of the war work council of the Y. M. C. A. He is to leave in a very short time for France. For a number of months Dr. Wadsworth has devoted one afternoon a week to visiting wards at the base hospital at Camp Deven, under the supervision of the Y. M. C. A., the officials of the association having assigned him to the various wards. It was because of his insight into the work at the camp that Dr. Wadsworth felt the call abroad. He has offered his services for the territory where the need is greatest and signified his willingness to go to Russia, Italy or the prison camps of Germany.

Just a few years ago Dr. Wadsworth traveled extensively in Bulgaria, Russia, Finland, Serbia, Austria and Italy and his knowledge of these countries will assist him in his work. He also has an extensive knowledge of the German language.

Mrs. Wadsworth is to reside at Wellesley during Mr. Wadsworth's absence and will engage in Red Cross or other war work. Dr. Wadsworth is a member of the Massachusetts state guard.

A BUSY DAY.

J. Oral Johnson led a busy life Saturday at his farm just north of Arcadia. A threshing outfit reached his farm about 10 o'clock Saturday morning and 1120 bushels of wheat were threshed and delivered to the Litterberry elevator three miles away. The task was finished in time for him to drive with his family for a visit at the home of his mother, Mrs. Mary Johnson, Lockwood Place, by 5 o'clock in the afternoon. Mr. Johnson who graduated from Illinois college several years ago, is well known to many Jacksonville people who have watched his farming activities with a great deal of interest.

Notice: Mr. E. F. Johnston will be out of town this afternoon, and the Johnston Agency will not be open after 2 o'clock.

ERROR IN NAMES.

In the list of nominees on the Republican ticket appearing in the Journal Sunday morning the name of Henry G. Strawn was thru error given as Ernest Strawn. However, most people in the county by this time are quite familiar with the name of this well known candidate.

WILL ATTEND CENTENNIAL COMMISSION MEETING. Dr. Edward Bowe of West State street left last evening for Chicago where he went to attend a meeting of the Illinois Centennial Commission.

WILL SEND MEN TO TRAINING CAMP

Illinois College Will Send Four Men to Fort Sheridan Representing the Student Body and One Representing Faculty.

Dr. C. H. Rammelkamp on Monday announced the names of Raymond Wallace of Enfield, and John H. Lee of Marion, to attend the military training school at Fort Sheridan to represent the student body of Illinois College. These men are named in addition to Joel Crouch and Wilbur Rogers representing the student body and Prof. Percy F. Whisler, representing the faculty.

These young men will leave Jacksonville Wednesday for Fort Sheridan. Prof. Whisler will go to Fort Sheridan directly from his home in Tingley, Iowa. The school will open July 16 and continue until September 18. The purpose is to train students and members of the faculties of colleges throughout the country so that a course of military training may be made a part of the curriculum of the school.

When school opens at Illinois this fall the government will send an officer here to take charge of the work. He will be assisted by these men who have been named to take the course of training.

Dr. Rammelkamp said yesterday that he believed the addition of military training to the course at Illinois college would prove popular. He was of the opinion that it would be of material aid in attracting students to the school this fall.

"Fordson Tractors" are here, and C. N. Priest, the Ford Man, will give a demonstration on the Bufile farm just west of Nichols Park on Friday and Saturday, July the 19th and 20th. Bring the family and stay all day.

COMPLETES FURLOUGH AND RETURNS TO CAMP.

Nathan J. Carpenter of this city now in the service at Camp Taylor, left Monday morning for camp after enjoying a ten day furlough with friends and relatives here. Mr. Carpenter and five other Jacksonville boys are located in the infirmary recently completed at the Remount Depot of the camp and their duty will be to give necessary medical attention to the 400 men who are stationed at the Remount Depot. He has been in the service nine months and has nothing but praise for army life as far as he has seen it, and feels it an honor to be one of our country's selected men, as their physical standing must meet with the highest requirement and says the training and experience gained there will be invaluable to them when they return to civilian life. Mr. Carpenter is making the return trip in his car going by the way of Springfield and Indianapolis, and expects to report to his post for duty at 6 p. m. on Wednesday.

"Fordson Tractors" are here, and C. N. Priest, the Ford Man, will give a demonstration on the Bufile farm just west of Nichols Park on Friday and Saturday, July the 19th and 20th. Bring the family and stay all day.

SELLS EIGHTY ACRE DAIRY FARM.

Mr. Guy Lowenstein of White Hall, bought yesterday thru Hiram Greer of White Hall the eighty acre dairy farm of Dr. H. A. Chapin of this city, paying \$200 per acre for the place. This is an ideal stock and dairy farm, and Mr. Lowenstein will continue to make a stock farm of it. Possession will be given the new owner August 15th.

Mr. Greer also reported the sale of the 220 acre farm belong to Dr. Chapin and located southwest of Jacksonville to Mr. Morning of Jacksonville. The consideration being \$16,000. Mr. Morning expects to reside on the farm and continue farming.

INJURED BY FALL.

Dorothy Kitter, daughter of Mr. and Mrs. Harry Kitter living on the Mound road, fell from a post Sunday and broke her left arm. The injury was very painful and the little girl will be a semi-invalid for several weeks to come.

PEOPLE JOINED IN PATRIOTIC SERVICE

Words of Appreciation for Rev. W. E. Spoons Soon to Leave for Overseas Work—Ministers and Laymen Spoke.

The patriotic service held by the west side churches of Jacksonville Sunday night at the Congregational church was a fitting farewell service for Rev. W. E. Spoons, who is to leave this week to enter upon Y. M. C. A. work. Farewell is hardly the word, as Mr. Spoons rightly objected to the word, as he said that he expects to be away only for a year and is very certain to return. The meeting was held under the shade of the splendid trees on the Congregational church property and a very large audience was present. In the absence of E. E. Crabtree, who had been called to St. Louis. The ministers and laymen taking part in the service were Rev. F. B. Madden, Dr. F. M. Rule, Rev. J. F. Langton, Rev. A. A. Todd, Hugh Green, M. F. Dunlap, H. H. Vasconcellos and Rev. Mr. Spoons. Congregational singing was conducted by Ernest Fernandes and a large orchestra assisted with the music. As a special number on the musical program Mrs. William Barr Brown sang with splendid effect "The Battle Hymn of the Republic," the audience joining in the chorus.

The first speaker was M. F. Dunlap, who was introduced by the chairman as one of the most prominent and patriotic business men of Jacksonville, having previously made the comment of how splendidly business has responded to the call of patriotism. Mr. Dunlap said in part:

Patriotism Not at Low Ebb.

"While this meeting was planned as a farewell to Mr. Spoons I agree with him in not liking that word, for there is too much of sadness about it. It would be sad indeed, if the hundreds of young men who have gone from this county into the war and the workers like Dr. Spoons, were unwilling to go and had to be urged or compelled, for we would have reason to be sad if patriots were at such a low ebb. But I have found in Mr. Spoons a man devoted to any cause that he undertakes. He is always willing and ready to give his assistance to any good cause and I know that in the work abroad he will measure up fully to the needs of the hour. War is a business and the government today is in the biggest business that it has ever known."

"In the beginning it was said that this was a rich man's war but it soon developed that many people came into the ranks of those buying luxuries who had not previously been in this class and so the demand for these articles continued."

The speaker then told the incident of a foreign woman of the working class who went into a piano house in the east, asked to see a piano and was shown an instrument valued at \$250. She insisted that she wanted a good piano and before the interview was finished purchased one for \$600 from money that she and her daughters had saved from their work in a munition factory.

"The war, indeed, has run to big figures and we now speak of billions as easily as we once talked of millions. It is said that the expenditures of this year of the nation for war purposes will be \$24,000,000,000. In our anti-German enthusiasm we often hear people declare, 'I never again will buy anything made in Germany.' That is a natural feeling as we remember the brutality of the German army in this war, but can we say it is the right spirit or is it Christlike, or is it calculated to get the best results?"

Right Attitude to Germany.

"We believe that the German soldiers have been deceived by their leaders and the true feeling and intention of the U. S. has not been made known. When the time comes that the people realize this deceit, if they can also know that the people of the U. S. sincerely desire that they and all peoples shall have freedom and liberty, that much earlier will the days of peace. If, instead, the people over there know that the majority of people here have declared that even after the war is over they will not buy German goods and will keep bay."

Rev. J. F. Langton was the last speaker and represented the ministers of the city in voicing special appreciation of Dr. Spoons. He said in part:

I am to speak on "Patriotism and the Church."

The Church is patriotic. Love of country, love of our flag, the glory of sacrifice and the obligation to render willing loyal service to our common cause, are some of the many lessons the Church is teaching today.

The Church is the center of influence from which goes forth the inspiration to service. Every church has its roll of honor, its service flag—its "hall of fame." In many of our churches the roll is read each Sunday and prayers are offered for our common cause and all who are serving our country. We are sometimes told the Church no longer leads; we have lost our power to take the initiative in the great questions of life. Believe me it is not true. Every call of the government has had its first response from the Church. The Church has been the leaders as individual churches and a united potential force in everything patriotic, philanthropic and religious from the day German fiends desecrated Belgium till today. With all the churches' splendid record you are perfectly familiar. The Church is patriotic and self-sacrificing. We are here tonight to take leave of one of our number, a man who I venture to believe will reflect distinct honor on

cor alive in their hearts, there will be a natural tendency to fight on to the bitter end. But if we can keep our ideals high and fight for the lofty principles we have enunciated, the day of our victory will come and afterward the German people will rise up and call us blessed because we have brought to them the rights of real citizenship.

"France today presents a great picture of patriotism. We know that women there are working in the fields and factories and have taken up the tasks that men have laid down and do it willingly and uncomplainingly and what can we think of people here in America, who are disturbed and unhappy because they are required to give up some foods to which they are accustomed. The call of patriotism demands our ready acquiescence to all the orders our leaders give, even if we cannot just see that the orders are necessary. And when we compare our lot with that of the people over there, we know that the most of us thus far have made far smaller sacrifices than our friends in the allied nations."

The War and Society.

Hugh M. Green, adjutant in the office of the local board, discussed "Patriotism and Society." Mr. Green declared that he wanted to add his word of testimony to the splendid work Mr. Spoons has done in this community and said that the minister would certainly be missed from Jacksonville. "What the war has somewhat disturbed social conditions everyone will admit and the speaker said that in the office of the local board there was abundant opportunity to know these effects. Ten years ago the people believed wars were gone and had planned arbitration boards to take their place. Various tribunals were established and then came the time when it was found that these treaties could be wiped out at any time."

War, the speaker said, had the effect of obliterating all classes and ranks, placing people upon a common level. It serves to cement families as nothing else could do.

"Continuing he said, 'The government recognizes no difference in individual or family circumstances and the soldier who goes to the front is paid the same in wages or family allotment, no matter whether he be rich or whether he be poor. Another effect of the war is to unite nationalities and this is seen even here in Morgan county, English, German, Portuguese, Swedes and other nationalities all going forth into the same great conflict and fighting for the common cause.'

"Still another effect on society is the spreading abroad of the knowledge that the people are fitted and capable to govern themselves. As an outgrowth of this war there is thus certain to be a great development of democracy. So one of this maelstrom there will eventually come enduring peace and the people by their united efforts will come into prosperity and power which heretofore has been known to only a few peoples in all the world."

Patriotism and Schools.

The next speaker was H. H. Vasconcellos, county superintendent of schools, and his theme was "Patriotism and Schools."

"Altho it took us more than a year to get the real meaning of the war, now it is on our minds and in all our hearts. We well know that we are fighting in the cause of righteousness and that eventually the victory will be ours. The effect is going to be to draw us together into better citizenship and to make us see in a new light the character and bravery of the men who have gone. The Kaiser and his commanders will learn before this struggle is ended the colors of the American flag and will know that these colors will not run. In the public schools of this county we are making due recognition of war events and our work is being largely shaped by the war."

For my part I am willing indeed to make this conflict the paramount issue in all that we do, for nothing is more essential than that the children and young people of the county shall understand the war situation as it really is. "Most of the men teachers in our public schools have entered the service and I know from first hand information that they are measuring up well to duty and are fully doing their part. I know that here in Jacksonville we are going to miss Dr. Spoons and this is especially true in his own church. But we are willing to stand behind him and to make the sacrifices that his going involves in order that he may enter the larger field and do the greater good."

Rev. J. F. Langton was the last speaker and represented the ministers of the city in voicing special appreciation of Dr. Spoons. He said in part:

I am to speak on "Patriotism and the Church."

The Church is patriotic. Love of country, love of our flag, the glory of sacrifice and the obligation to render willing loyal service to our common cause, are some of the many lessons the Church is teaching today.

We are here tonight to take leave of one of our number, a man who I venture to believe will reflect distinct honor on

the Christian ministry abroad—Rev. W. E. Spoons.

War Takes the Best We Have. This war is taking the best we have to give—our boys and young men, the flower of our land—the hope and inspiration of our country, "the glory and strength of that 'my of liberty fighting on the Alps to the ocean, among the mountain passes of Italy and amid the Austrian Alps. And in the final victory which shall surely be ours, our country shall have a glorious share. But back of this army of ours on the line of battle is another army, a great unnumbered host. I like to call it the "Army of the Embattled Nation"—a great, a mighty force of men and women of all ages, ranks and conditions enrolled to support and minister to our fighting lines on land and sea. The host has responded to our country's call—as nurses, doctors, ambulance men, clerks, and in all forms of service—in hospital, Red Cross, Y. M. C. A., training camps, food conservation, baby welfare, harvesting and in a bewildering number of avenues of service.

Today, as probably never before we are giving ourselves in the divine law of helpfulness. We are largely arising from our apathy, our indifference and our selfishness into the light of the gospel of service as exemplified by the Blessed Master. And though the way may lead through Gethsemane to Calvary, we shall share in the triumph of victory.

Responded to Every Call.

We take leave tonight of our brother, who goes into the thick of active struggle. In our feelings of pleasure at his loyal response to the call there is to me a note of sadness—he is the third to leave of the band of ministers who welcomed me to Jacksonville three years ago. I recall Dr. Morey of saintly memory; Dr. Post, my close friend, and now Dr. Spoons who has always been an influence in my life here. It is strange how God uses us; often in ways we do not, at the time, understand. I remember when our work was laid out for Red Cross, I was given four or five blocks to canvass. I told Dr. Spoons "I could not possibly do it." After patiently listening to all my objections in his quiet but final manner he replied:

"Well, now, my brother that is all settled, try and get through in two or three days. We have many other things to take up when this drive is out of the way." Then later when Dr. Spoons brought up the "Salvation Army" war fund in the ministerial meeting, some of us thought it was asking too much of us. I told him so. I would not do anything. I was sure of that. Nevertheless, next day after a short talk, he sent Dr. Rule and together we worked till we completed our district. Now what was the secret of it all? Only this. He said: "The splendid chance you have—my brother—to serve; from what I know of you I believe you will respond." Subtle flattery—perhaps it was—but it won. But back of it all, over and above all else, was there the personality of the man. He has, in his own person responded to every call for service. He has been a leader amongst us. At all times, under all conditions a patriot.

Stands in Front Rank.

The Red Cross, the Y. M. C. A., the Salvation Army, the Liberty Loan, the Thrift Stamps and all other war demands have had his splendid support. And as president of Free Kindergarten I have ever found him a ready helper. And now, he gives himself in the only way our country will accept him. He reminds me of Leigh Hunt's poem:

About Ben Adhem may his tribe increase,
Awoke one night from a deep dream of peace—
And saw within the moonlight in his room,
Making it rich and like a lily's bloom,
An angel writing in a book of gold.

Exceeding peace had made Ben And to the presence in the room he said:

"What writest thou?" the vision raised its head,
And with a look made all of sweet accord
Answered, "The names of those who love the Lord."

"And is mine one," said Abou. Replied the angel, Abou spoke we're low
But cheerfully still, and said: "I pray thee then
Write me as one who loves his fellow men."

The angel wrote and vanished. The next night
It came again with a great wakening
And showed the names whom love of God had blessed
And lo! Ben Adhem's name led all the rest.

He easily stands in the very front rank of the best men; filled with undying love for God, country and his fellow men.

We shall all miss him, but we wish him God speed and pray our Heavenly Father that He will send him back again, with victory and assured peace. This my brother is our prayer: "May God bless and keep you always."

Mr. Spoons Talked Briefly.

Mr. Bancroft said that it would not be a farewell meeting but said the company would say an revoir to Dr. Spoons and he then called upon the well known pastor.

The minister said that he would enter the work because he felt it opened a field of larger usefulness and that he wished to represent as far as possible not only the people of his own church but Jacksonville.

He expressed his keen appreciation of the kindly words the speaker had said and of the spirit displayed toward him by the people of this city in general. The minister made it plain that he was going away with the full intention of doing his best and also with the purpose of returning to Jacksonville a year hence. The impressive meeting

closed with the benediction by Dr. F. M. Rule.

BOX CARS AVAILABLE FOR GRAIN SHIPMENTS.

A rumor was in circulation yesterday that local railroads had received an order to send box cars for shipments to the west in preference to utilizing them for local shipments. This caused some consternation among farmers and others because thru the effort to have threshing done promptly elevators now have a considerable amount of grain on hand, with a great deal more in early prospect.

P. H. Englaub, agent for the Wabash, was asked about the matter yesterday afternoon and said that such an order had been issued by the railroad authorities but he had received a cancellation Monday afternoon and that grain shipments were thus to move in the normal way. It would be an unfortunate condition indeed if the order had been allowed to stand because it would have meant that many farmers must stack their wheat because of the knowledge that the elevators would not be able to take the grain as fast as it could be sent from the fields.

M. F. Dunlap as food administrator was preparing to take the matter up with the authorities at Washington, but the cancellation order made this unnecessary.

GOES TO NAVY.

Clifford Holler who has been connected with the Armstrong Drug store on East State street as a registered pharmacist for the past seven years will leave this morning for the Great Lakes Naval Training Station where he will take an examination for chief pharmacist mate of the navy. He has secured a temporary release from the exemption board and should be successful in the examination will enter the navy. Mr. Holler registered in June with the 118 class. His home is 1005 Lincoln avenue.
